

## OBJECTIVES

- *To facilitate networking among nurses, respiratory educators and other health professionals, not only in the South Island but throughout New Zealand.*
- *To support and encourage one another through mutual sharing of ideas and resources.*
- *To update on new research and current management of respiratory conditions.*
- *To explore new ways of managing respiratory conditions to improve the care of affected people and their families.*

### Poster Competition!

**How are you, your service, your team advancing respiratory health care? Tell us all about it!**

The SIREF committee would like to offer nurses and health professionals the opportunity to showcase their work and to win a \$500 cash prize. Poster presentations are a common method of presenting data at forums. The main advantage of a poster presentation is that it allows the author to interact directly with interested members of the audience.

Abstracts are requested for poster presentations and should relate to aspects of respiratory care. These must be received by 3rd February and should include a brief summary of the project/study and ideally follow these guidelines:

Title, Author/s, Address/es, Text Methods, Results, Conclusion, References. One poster per applicant/team.

Approximate size 700x900mm

For more information please email [teresa.kilkenny@canterburyinitiative.org.nz](mailto:teresa.kilkenny@canterburyinitiative.org.nz) or phone 0212426257.

## Registration Details:

Name: \_\_\_\_\_

Position: \_\_\_\_\_

Address for correspondence to be sent to:

\_\_\_\_\_  
\_\_\_\_\_

Phone (Daytime): \_\_\_\_\_

Email: \_\_\_\_\_

I will be entering the poster competition **Yes/No**
